

Atefeh Majidi Nezhad

b. 1983. Isfahan, Iran

Overview

Atefeh Majidi Nezhad lives and works in Tehran-Iran as an artist since 2006. She was born in Isfahan, an artistic city bursting with creativity. She studied at Isfahan Art University, gained a BFA, and continued on to the Faculty of Fine Arts at Tehran University where she earned an MFA in painting. Between 2006 and 2017, Atefeh has participated in different group exhibitions and tutored, both drawing and painting. Recently, she has focused on collections of sketches that reflect the many perspectives of the architectural spaces, sharing in the point of view of the inner monument and the moments within it. This literal tension is the reflection of conceptual spectrum between darkness of chaos and lightness of space.
